Welcome

Please Join Us!

On behalf of the American Association for Geriatric Psychiatry (AAGP), we invite you and your organization to be a part of our 2024 Annual Meeting focusing on “Reimagining Geriatric Mental Health: Innovations to promote the well-being of patients and caregivers” March 15-18, in Atlanta, Georgia.

The AAGP Annual Meeting is unique in that it is the only national conference that brings together psychiatrists and other mental health professionals responsible for treating older people with mental disorders. Illnesses ranging from Alzheimer’s disease and other dementias, depression, Parkinson’s disease, bipolar disorder, schizophrenia, alcohol and substance addictions, and sleep disorders are discussed in detail among clinicians, researchers, educators and trainees. Additionally, meeting topics focus on many issues related to these illnesses including caregivers, nursing homes, pain management, and the elder care workforce. The 2024 Annual Meeting will also have a special focus on brain health for treatment and prevention of late-life neuropsychiatric disorders.

Our scientific meeting is designed for clinicians, educators, and researchers alike with easy access to all of our general sessions, plenaries, symposia, and other events. Participants look forward to being able to enjoy all the offerings at the Annual Meeting, as well as the many networking opportunities. Due to the specific nature of the meeting, many attendees cite the AAGP Annual Meeting as the only conference they attend all year.

We hope you will join us as an exhibitor. Our exhibit hall can help you promote your organization, products, and services to approximately 1,000 geriatric psychiatrists and health care professionals focusing on late-life mental illness and dementia. We also have additional sponsorship opportunities that allow for further promotion of brand-name products to help highlight your organization and its offerings.

Becoming involved with the AAGP and the AAGP Annual Meeting will give you direct access to organizational leadership and those who treat these late-life mental disorders and illnesses. You will also be helping support the public health imperative to increase access to quality mental health services for older adults.

We look forward to welcoming you in Atlanta!

About AAGP

The American Association for Geriatric Psychiatry (AAGP) is the community of geriatric psychiatrists, health professionals, scientists, and advocates committed to improving mental health care and wellness in aging adults. Physicians make up 78 percent of the approximately 1,000 conference attendees along with advanced practice nurses, psychologists, and pharmacists.

*AAGP is managed by Degnon Associates.*
Why Attend

The number of older adults with mental illness is growing at a rapid rate in our society and having a significant impact on our nation’s health. The AAGP Annual Meeting is the largest meeting of physicians and other health care professionals focused on late-life mental illness. Many of AAGP’s 1,200 members choose to attend the AAGP Annual Meeting over APA or other scientific meetings due to the specific content in the geriatric field and the meeting’s intimate size. In addition, the AAGP meeting is attracting an increased number of generalists who find they need to educate themselves on the latest information in order to better treat their increasing number of older adult patients.

The AAGP’s 2024 Annual Meeting provides high visibility to supporting organizations and unique opportunities to interact with AAGP leadership, members, and other conference attendees. The numbers of attendees continue to increase each year, as this meeting has become the primary scientific meeting for the presentation of cutting-edge research and new clinical innovations related to late-life mental illness. Exhibit hours have been scheduled at times that allow maximum opportunity to network. Receptions, Product Theaters, Posters, and breaks are hosted in the Exhibit Hall to increase traffic to you.
